TERMINAL DISCLAIMER AND CERTIFICATE UNDER 37 CFR §3.73(b)

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

Your petitioner, Marvell International Ltd., a corporation duly organized under the laws of Bermuda, having a principal office at Argyle House, 41A Cedar Avenue, Hamilton, Hm12, Bermuda and duly represented by the undersigned, represents that it is the assignee of the full title and interest in and to the above-identified Application, Serial No. Not Yet assigned, filed herewith as evidenced by the deed of Assignment recorded on **February 2, 2001** at Reel **011562**, Frame **0258**.

Your petitioner hereby disclaims the terminal part if any, of any patent granted on the above-identified application which would extend beyond the expiration date of the full statutory term of any U.S. patent issuing from Application Serial No. **09/699,772**, filed on or about **October 30, 2000**, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to any U.S. patent issuing from Application Serial No. **09/699,772**, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantee, its successors or assigns.

Your petitioner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of any U.S. patent issuing from Application Serial No. **09/699,772**, in the event that subsequent hereto any U.S. patent issuing from Application Serial No. **09/699,772** expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is the subject of any disclaimer under 37 CFR §1.321(a), has all claims canceled by a reexamination certificate or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer.

Petitioner does not disclaim any terminal part of any patent granted on the above-identified application that would extend the full statutory term as presently shortened by any terminal disclaimer of the second issued patent in the event that both the first issued patent and the second issued patent later expire for failure to pay maintenance fees, are held unenforceable, are found invalid, are statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), have their respective claim canceled by a reexamination certificate, or are otherwise terminated prior to the expiration of their statutory term as presently shortened by any terminal disclaimers, except for the separation of legal title stated above.

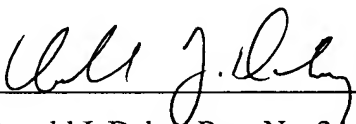

CERTIFICATE UNDER 37 CFR §3.73(b)

Petitioner is the assignee of the entire interest in and to the above-identified application, as evidenced by a record assignment recorded on **February 2, 2001** at Reel **011562**, Frame **0258**, copy of which is attached to this disclaimer. Evidentiary documents have been reviewed and it is certified that, to the best of the assignee's knowledge and belief, title in the instant application is in the assignee seeking to take action herein.

The undersigned is an attorney of record for the above-identified application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
